PROFILE

Highly motivated student in the fifth semester of the IoT program. Currently **seeking a working student position** in my field of study. I am committed, determined, and always enthusiastic about learning new things.

FIELDS

Design & Prototyping
Software Development
Product Conception & Strategy
Mechatronics Engineering
Projekt Management
User-Centered Design

During my studies, I found my focus in design, but I am curious and open to all areas.

LANGUAGES I SPEAK

German | English | Spanish
